HAVE YOU BEEN IN CONTACT WITH YOUR RESPECTIVE VENUE MANAGERS (COUNCIL/SCHOOL/EXTERNAL MANAGEMENT GROUP – YMCA/BELGRAVIA/ALIGNED) TO DISCUSS RETURNING TO THE INDOOR VENUE/S AND BOOKING REQUIREMENTS? Yes

HAVE YOU PROVIDED THE VENUE/FACILITY OWNER/LANDLORD A COPY OF THE BV RTS GUIDELINES AND UPDATED RESTRICTION LEVEL SUMMARY GUIDES? Yes

WHAT MEASURES HAVE YOU PUT IN PLACE FOR MANAGING ENTRY AND EXIT POINTS, ADJUSTMENTS TO ACTIVITY TIMINGS AND MAINTAINING PHYSICAL DISTANCING OF PEOPLE?

**Activity Timing:** Scheduling of games will have a differential between the scheduled length of the game and the time allocation for the following game, to be 15 minutes. This is designed to allow time for Group A to depart the stadium prior to Group B being allowed to enter. Providing staff time to complete

sanitization requirements.

**Entry & Exit Signage:** Participants must enter via the designated ENTRY & exit through the designated EXIT to reduce the risk of transmission from Group A to Group B. The mechanics of this is to be discussed with the Venue Operator and will be implemented and managed by Playball CM and/or Venue Operator.

**Team Arrival:** Participants and officials cannot enter the court area earlier than the a designated time so the match can be commenced on time and only when the courts has been vacated. If a game is running late, teams from the next game must not enter the court area until it has been vacated. This guideline is designed to control the number of people in a stadium at any one time.

**Seating Areas:** In any area where seating is required & allowed, it should be set according to social distancing guidelines.

**Covid Marshall (CM):** A CM is appointed at each venue. At single Court venues, the CM may also be a referee. At the level ORANGE-50, there will be one CM per four courts, to ensure compliance with COVID-19 Return to Sport Guidelines. The CM will ensure teams quickly vacate the court on completion of a game, ensure a team cannot enter the court until it is vacant and undertake a head count prior to a game. The game must not commence until this is completed. Each CM will have a High-VIS-Vest available to wear.

**Moving within Venue:** Attendees moving into a zone or between zones within MSAC will need to QR Code for each zone entering.

**HOW WILL YOU MANAGE OCCUPANCY LIMITS AND COMPLIANCE AGAINST RESTRICTION LEVELS AT THE VENUE?**

**Capacity Control**

Playball will maintain strict counting of capacity within the stadium and on each court to ensure that number of people per court limits are not exceeded. This is to be completed and recorded by the CM on the Game Day Checklist. The CM wears a clearly

marked Playball printed High Vest for identification. A head count is required prior to session commencing.

**Compliance:** Playball patrons will be advised the applicable Restriction levels ORANGE-20 / ORANGE-50 via email, Playball website, signage at venues and Bio-Safety Officers and Referees. The appointed CM in conjunction with Referees, will ensure a team will not enter the court area until it is vacant and undertake a head count prior to a game. The game or training must not commence until this is completed.

**Seating Areas:** In any area where seating is required & allowed, it should be set according to social distancing guidelines.

**Banned Activities:** Shaking hands, High Fives.

---

**HOW WILL YOU ENSURE APPROPRIATE CLEANING AND SANITISATION OF EQUIPMENT – BALLS, LAPTOP, SCORE BENCH, PLAYER BENCH FOR EACH GAME OR ACTIVITY?**

**Sanitisation:** Referees, under the supervision of the CM are to sanitise scoreboard-controllers, score-benches, bench-seating if fixed, and any other essential equipment that may have been used by Group A, prior to use by Group B, to reduce the risk of transmission from one group to another.

**Basketballs in stadiums & sanitising:** The Playball gameball will be sanitised prior to use and in between each game. Excluding balls provided by a venue, teams are limited to a maximum of two balls in the stadium at any time. Any basketball brought into a stadium is to be sanitised prior to use at the

stadium using a single use, disposable anti-bacteria wipe or spray.
